Wyong Shire Council has implemented Community Precinct Committees to:

- b improve communication and trust between Council and its residents;
- c improve the quality of Council's decisions and actions and thus strengthen Council's representation of the community;

- e encourage social interaction within the community to establish participation and pride in local areas.

The Community Precinct Committee performs an advisory role only to Council. The Community Precinct Committee makes recommendations to Council on issues that may affect its area or the Shire as a whole. Any recommendations made by the Committee will be reflected in any relevant report to Council.

Each Community Precinct Committee are notified of matters advertised for public comment, including development applications, significant issues such as proposed zoning changes, development control plans, local environmental plans, traffic changes of a permanent nature, environmental works, proposals for the provision of community services and such other matters as Council may, from time to time, decide

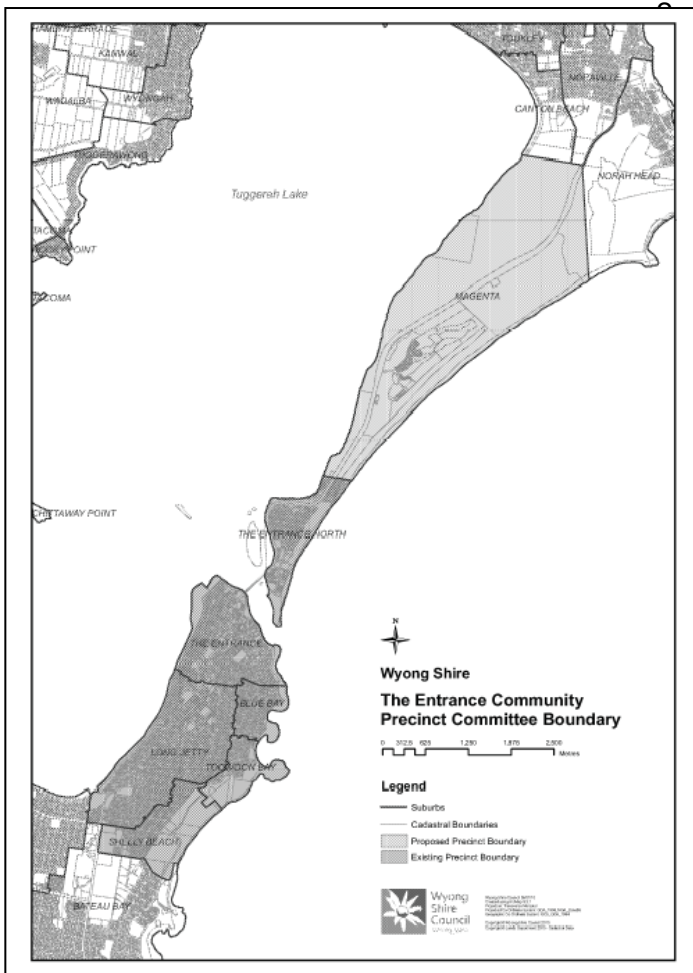

Community Precinct Committees are not a sub-committee of Council, however, the Executive is appointed under the provisions of Section 355 of the Local Government Act and therefore receives the protection available under that provision.
